REMARKS

- 1 The responsible authority has written to the Tribunal advising that a clerical error has meant that the full list of the persons who objected to the permit application only just been provided to the applicant. This may have meant that the applicant has not yet provided some objectors with notice of its application for review. Accordingly, I have made orders which provide the applicant with additional time to give notice of the application for review and consequentially, provide extra time for objectors to lodge a statement of grounds with the Tribunal should they wish to do so.
- 2 I have required the applicant to give a copy of this order to all objectors and referral authorities so that they are aware that the closing date for filing statements of grounds is now 13 November 2021.
